One day Trip to Coimbatore

G.D. Museum and Kovai Kuttralam

An industrial visit was organized for the Undergraduate and Post Graduate students of the academic year 2024-2025. The students were accompanied by two esteemed faculty members, Dr. N. Poongodi and Ms. M. Christi Libiya, as part of their academic enrichment program.

The first stop on the visit was the G.D Museum, where students were exposed to a vast collection of industrial and scientific exhibits. The visit was insightful, allowing the students to understand the history and evolution of various industries and their impact on society.

The next destination was Kovai Kuttralam, a beautiful natural location, which offered students a refreshing experience with its scenic views and peaceful ambiance. The students took the opportunity to unwind, enjoying the surroundings and learning about the significance of environmental conservation.

Additionally, the students visited the Esha Yoga Centre in Coimbatore, where they participated in wellness activities that focused on mental and physical well-being. The visit to the Yoga Centre was a perfect blend of learning and relaxation, promoting holistic development for the students.

The final stop was the Fun Mall, where students had a chance to unwind and engage in leisure activities. It was a light-hearted end to a day full of learning, where students enjoyed themselves with recreational activities and bonding with their peers.

Overall, the visit was a great success, providing students with both educational insights and personal enjoyment.
